Custom Jewelry Pricing Program—
http://shawnrogoff.com/projects.html#customjewelrypricing program

Program built win C#/Winforms provides a quick, effective way for Brooks Fine Jewelry staff to quote custom jewelry designs based on known or presumed specifications of the project.

Retail Diamond Melee Pricing Program—
http://shawnrogoff.com/projects.html#retaildiamondmeleep ricingprogram

Program built win C#/Winforms provides a quick, effective way for Brooks Fine Jewelry staff to quote small diamonds (called melee in the industry) based on number, size, and quality of the stones.

Custom Jewelry Project Notes Program—
http://shawnrogoff.com/projects.html#jewelryprojectnotespr ogram

Program built win C#/Winforms provides a helpful way for Brooks Fine Jewelry staff to write out job notes for custom jewelry jobs. This program creates a text file, which is attached to the project for later pricing, stone ordering, appraisals, etc.
